*When you left us,  
our pillar quietly crumbled*

—

*as we took your last  
breaths together.*

*A constant presence,  
a helping hand,  
always there to mend  
what was broken,  
to enable what once  
seemed impossible,  
shaping our lives  
with opportunity and love.*

*Smart and generous,  
skilled in many crafts,  
never still, always moving*

—

*a man of projects,  
of purpose, of heart.  
Now your journey here  
is over.*

*Pain and frustration  
no longer shadow you.*

*We hope that beyond  
this life,  
new adventures await  
to lift your spirit.*
